MYSTERIOUS ACTION.

Japanese May Be Attempting to Catch Russian Baltic Sea Fleet.

Aberdeen, Scotland, Sept. 16.—Passengers aboard the coasting steamer Hogarth which arrived here report a strange occurrence aboard the steamer which is believed in some quarters to indicate that the Japanese are laying a trap to catch the vessels of the Russian Baltic fleet now bound for the far east. The passengers report that two Japanese officers and nine sailors were also aboard the vessel coming to London. As soon as they landed at Aberdeen they jumped into a small boat and proceeded to a mysterious low lying craft in the offing, evidently a torpedo boat which upon receiving the men steamed seaward. It is thought the intention of the craft is to lie in wait for the Russian fleet.

STOESSEL'S AMMUNITION LOW?

Quality of Powder He is Using Would Indicate It.

Chafco, Sept. 16.—The Japanese between September 6 and 10 assaulted and captured important fortification two miles east of Gold Hill. The Japanese were able to hold the positions owing to the poor quality of the Russian powder, the shells falling short and failing to explode. This is taken to indicate that Stoessel's supply of ammunition is running low.

CONTINUALLY REINFORCED.

Japanese Army Is Also Being Given Big Stores of Supplies.

New Chwang, Sept. 16.—Japanese reinforcements are continually arriving and are sent toward Liaoyang as soon as they arrive. With them are sent great stores for winter supplies. Huge crops are being reaped throughout Manchuria.

Rome, Sept. 16.—All Italy is in a fever over the birth of an heir to the Italian throne. All business has been practically suspended. The king and queen are being inundated with congratulatory telegrams.

BIG TEXAS FLOOD.

Is the Worst in Many Years. Houses Carried Away.

Houston, Texas, Sept. 16.—The flood in the Rio Grand is the greatest in many years. Small towns are inundated and many houses have been carried away toward the Gulf. The situation at Brownsville is said to be desperate.

SENTENCE DEFERRED.

Convicted Murderer Given a Respite of Twenty Days.

New Bedford, Mass., Sept. 16.—Sentence in the case of Angles Snell, convicted of the murder of Tillingham Kirby, has been deferred twenty days. A motion for a new trial has been filed by the defendant's counsel.

TO BLOW UP FORTS.

Japanese Are Tunneling Under Them at Port Arthur.

Chafco, Sept. 16.—Advices from Port Arthur say that the Japanese are tunneling under the forts, preparatory to blowing them up. The refugees who brought the report say that the work will probably be successful.

Rock Island Bandits Located.

Des Moines, Ia., Sept. 16.—The five bandits who head up a Chicago, Rock Island and Pacific railway express train near Letts, Ia., have been located at Winfield, south of Columbus Junction. A special train made up at Muscatine carrying a posse of armed men has gone in pursuit. The men were found hiding in a haystack by a farm hand. They are heavily armed.

Loudenslager Renominated.

Camden, N. J., Sept. 16.—The First congressional district Republican convention was held here, and Congressman Henry C. Loudenslager was renominated for his seventh term.

ST. LOUIS DAY.

The Most Imposing of All Special Days Since the Fair Opened.

St. Louis, Sept. 16.—St. Louis day, the most imposing of all the special days in the history of the Louisiana Purchase exposition, was celebrated here, and the record of admissions showed the largest number of visitors of any one day during the entire exposition.

From the time the gates opened until the close of the day various interesting features entertained the throngs of visitors. Passes generally were tabooed for the day, although this was not compulsory. The holders of admission tickets were presented with red badges, inscribed, "I Have Done My Duty," signifying that they had paid admission fees of 50 cents, and almost every visitor displayed a badge.

Business generally was suspended in St. Louis. The streets were deserted. St. Louis practically en masse attended the exposition, and excursion trains augmented the attendance by almost constant pourings during the forenoon.

Mississippi day, Farmers' day and Texas day also were incorporated in the general celebration. Governor Vardaman and General Keesley of Mississippi and their staffs participated in the day's exercises.

The opening event of the day was the parade, in which, it is estimated, 50,000 regulars, national guardsmen and uniformed civilian societies participated, which was reviewed by Major General Bates of the United States army, President Francis and other exposition officials and Mayor Wells. Soldiers from all over the country were in line.

This was followed by exercises in the plaza of St. Louis, during which a chorus of 3,000 voices rendered patriotic songs. Exercises in Festival hall, in which 1,000 Sunday school children took part, were an interesting part of the day's programme.

Throughout there were drills by various organizations, sports and band concerts.

The crowning feature was the congress of nations in the Stadium, bringing together members of twelve different barbaric tribes from Asia, Africa, America and the Philippines. There were demonstrations of weird native dances and ceremonies and native sports.

The day's programme ended by a grand electrical illumination of the different exhibit palaces and around the lagoon, including electric features never heretofore produced and an elaborate pyrotechnical display at the Stadium.

BIG LUMBER DEAL OFF.

Rockefeller Interests Will Not Purchase In Vermont.

Rutland, Sept. 16.—To the very eye of its consummation, and after some of the deeds had been executed, the proposed big lumber purchase by which New York interests were to acquire practically all the timber land from Danby to Brattleboro, has been abandoned and the largest lumber deal ever through. So far as can be ascertained, this is due to a number of causes, chief of which was the inability of certain of the land owners to give a clear title to their property.

The land which was to have been purchased included 123,000 acres of forests, mostly spruce, in the towns of Danby, Mount Tabor, Peru, Winhall, Manchester, Glensbury, Searsburg, Stratton, Somerset and Wilmington, to be transferred to a syndicate for a sum approximating \$1,500,000, also the Hoosac Tunnel and Wilmington railroad.

The sale was to include the 50,000 acres of the Silas L. Griffith estate in Mount Tabor, Danby, Peru, Winhall and Stratton; the 13,000 acres of the Battenkill Lumber company of Manchester; 7,200 acres of the B. S. Gallup Lumber company in Winhall and Stratton; 9,500 acres of W. W. Peck & Son in Somerset; the large tract of Tudor & Son of Somerset; lands of Griffith & McIntyre in Sunderland and Stratton and of Glensbury company holdings in which Gov. McCullough is largely interested.

PEABODY RENOMINATED.

The Work of the Colorado Republican State Convention.

Denver, Sept. 15.—The Republican state convention yesterday afternoon renominated Gov. James Peabody by acclamation, Senator Newell withdrawing from the contest.

The platform endorses the administration of Governor Peabody and calls on all citizens, irrespective of party, to support him in his efforts to "rebuik" the spirit of lawlessness which would turn popular government into irresponsible despotism and keep alive class hatred, lawlessness and treason.

The platform pledges the candidates to restrain any excesses whether practiced by capital or labor.

An eight hour law is favored.

A MAYOR INDICTED.

Also Several Others In Connection With An Alabama Lynching.

grand jury which has been investigating the Horace Maples lynching of a few days ago today returned indictments against Mayor T. W. Smith of this city and Sheriff A. D. Rogers as well as ten members of the mob. The mayor and sheriff are charged with dereliction of duty in not suppressing the mob. Announcement of the indictments created the wildest excitement here and further trouble is feared.

MURDERER CONFESSED

John Allingham Killed An Elderly Woman

ARRESTED YESTERDAY

Says He Did It After a Quarrel At the Breakfast Table—Denies That He Hit Her With An Axe.

Pawtucket, R. I., Sept. 16.—John Allingham who was arrested yesterday confessed today to the police that he murdered Mrs. Mary Crowley at her home in Seekonk. Allingham claims that as a result of a quarrel with the woman at the breakfast table he struck her over the head with a hickory club. He denies that he hit her with an axe.

Mrs. Dennis Crowley, about 65 years of age, was found yesterday morning near her home at the state line terribly mutilated. She was barely alive when found, and died later at the Pawtucket Hospital.

The woman was found by Frank Quinn and George Bradshaw, two residents of Seekonk, who were passing from the railroad track to Cottage street.

Not far away, perhaps less than 50 feet, was a blood-covered axe and less than 100 feet away was a man who has been known as "Capt. Harrington," who has been sharing the house with the woman. The axe has been identified by a resident of a house near by as one which was used about the signal quarters of Mrs. Crowley.

Harrington was arrested in Pawtucket about noon on suspicion.

According to the statement of Bradshaw, made within an hour after the finding of the body, "Capt. Harrington" told three different stories, each at variance with the others. One of them was to the effect that two men came to Mrs. Crowley's house today and bought liquor, but refused to pay, whereupon the woman started to "clean the place out" with an axe. One of the men, Harrington said, grabbed the axe and struck the woman.

The place where the woman was found is in Massachusetts, while the house is in Rhode Island although a portion of it is believed to be in Massachusetts. The section is known as "The Valley of Death," and there is a history crime, rum selling, assaults and other events of a miserable nature connected with it.

SUES FOR \$10,000.

Rutland R. R. Man Lost One Leg Short Time Ago.

Rutland, Sept. 16.—Eugene Kelly, a freight conductor on the Rutland railroad, began a suit for damages of \$10,000 in Rutland county court this morning. While on duty several months ago he climbed the ladder of a car while running and the ladder gave way. He fell between the cars and lost one leg. The other is practically useless.

SNOW ON MT. WASHINGTON.

Three Inches Cover This Peak of White Mountains.

Bethlehem, N. H., Sept. 16.—The summit of Mount Washington was covered today with three inches of snow.

Pastor's Resignation Accepted.

Burlington, Sept. 16.—At a meeting of the College Street Congregational church held last evening, the resignation of the Rev. Gerald H. Beard was accepted and a committee consisting of F. S. Pease, Mrs. C. T. Barney and J. L. Southwick was appointed to formulate suitable resolutions and report next Thursday evening.

MONTPELIER.

Rev. George T. Ellis and wife of Baker City, Ore., are visiting Mrs. A. O. Cummings, sister of Mrs. Ellis. It is Mrs. Ellis' first visit to Vermont for 30 years.

A report from P. S. Smith, superintendent of the water department, shows that the water supply is low and that unless heavy rainfalls occur this fall the city will be forced to resort to pumping or some other means to obtain a supply. Leaks in the dam at the reservoir that cannot be repaired until the water is drained off cause quite a waste. The superintendent strongly urged the city council to cut off the use of water motors.

Concrete work on the sidewalks in this city is nearly completed. The rain today prevented the finishing of the work. The cost to the city will be a little over \$2,500. The repairs on new walks have been made on Barre, Main, Elm, Langdon, Liberty, School, State, Vine, Winter and Court streets and on Eastern and Western avenues. The work on Barre street cost \$584.78, on Main, \$221.45 and on Elm \$802.97, each of the other streets the cost was less than \$100.

Notice to Clansmen.

There will be a regular meeting of Clan Gordon No. 12 on Monday evening, Sept. 19. A large attendance is requested, as business of importance will be transacted. Jas. Mutch, Secy., Jas. McDonald, Chief.

BIG FIRE AT HALIFAX

Great Loss Threatened Yesterday Afternoon

BUILDINGS BLOWN UP

But the Loss Will Reach Half a Million Dollars, While Insurance Is Only \$200,000.

Halifax, N. S., Sept. 16.—A shift of wind undoubtedly saved Halifax from a disastrous conflagration, yesterday but nevertheless the city suffered a loss of a half a million dollars from a fire which swept the business part of the water front, and whose progress was only stayed by the dynamiting of a dozen buildings by the sailors from the garrison.

Between three and four o'clock in the afternoon when the fire was at its height and a fearful southerly gale was pushing it straight toward the heart of the business center consternation reigned throughout the entire city. It seemed almost providential when shortly after four o'clock the wind suddenly veered to the west and turned the flames along the wharves and warehouses.

The fire raged on lower Water street, practically beyond control until seven o'clock last night when 200 sailors with torpedo apparatus landed from H. M. S. Ariadne and indefatigable, and with the assistance of 200 troops from the garrison, checked further progress by removing with the aid of dynamite, a dozen of small buildings.

The fire consumed six wharves, two coal piers, two hotels, a dozen large warehouses and a number of retail shops. The loss is covered by \$200,000 of insurance. Admiral Sir Archibald Douglas personally directed the sailors in protecting imperial property, and 200 marines patrolled the streets.

IMPORTANT WITNESS MISSING.

A Burlington Case Cannot Be Tried on Account of It.

Burlington, Sept. 16.—Interesting developments resulting from the failure of A. F. McCarthy have not ceased, the latest being the disappearance from Burlington of McCarthy who is wanted as a witness in the case of E. C. Mower, trustee, vs. J. D. McCarthy and J. B. Brodie. This case was to have been taken up in county court at once but owing to the absence of A. F. McCarthy it cannot be tried in its regular order. It is an action brought by Mr. Mower as trustee of the bankrupt estate and the question to be settled is whether J. D. McCarthy has a lien on the entire stock of A. F. McCarthy or whether he owned the stock. He has made both claims and if either of his claims is true the other creditors have nothing as security.

A. F. McCarthy pleaded guilty to a criminal charge at a recent session of the United States court and has not paid a fine or is not in state's prison at the present time owing to the fact that the case was continued for sentence. He is needed as a witness in the case brought by Mr. Mower but the trustee has not yet been able to see McCarthy or to secure his presence. McCarthy was not in Burlington yesterday.

NEWFANE BURGLARS SENTENCED.

One Got Ten Years in the State Prison in Windsor.

Brattleboro, Sept. 15.—In county court at Newfane today James Howard, alias John Doe, who was shot through the arm at the robbery of the Newfane Savings bank a few weeks ago, was sentenced on a plea of guilty to not less than 10 nor more than 12 years in the state prison. Murray Bell of Rockingham for burglary was sentenced to not less than two nor more than two and one-half years in state prison. Archie Carmo of Halifax, burglary, not less than 12 months or more than 18 months. Charles Waite of Londonderry paid a fine of \$300 for selling liquor and Frank Larow of Brattleboro \$100 for breaking and disturbing the peace. Dr. L. T. Page, on trial by jury, recovered the full amount of a suit for \$300.

ADMIRAL DEWEY'S PORTRAIT.

Hung at the State House Yesterday—Bust of H. A. Huse.

Montpelier, Sept. 15.—The portrait of Admiral Dewey and the bust of Hiram A. Huse, former librarian, were unboxed at the State House today. The Admiral's picture has been in the main lobby near that of Admiral Clark and Mr. Huse's bust has been placed in the State library. Both were authorized by the legislature of 1902. Admiral Dewey's portrait was painted by W. D. Murphy of New York.

The bust is about twice life size and is the work of the well known sculptor, Mr. Lopez, who was in Montpelier at the time of Mr. Huse's death and made a death mask which was a great aid in modelling the bust. Mrs. Huse, Senator Dillingham and Fred A. Howland, law partners of Mr. Huse, and a few others who were intimately associated with him, visited the library yesterday forenoon, and everyone was impressed by the life-likeness of the bust and all unite in high praise for the sculptor and his work.

HELD FOR HEARING.

George F. Hall Arrested in St. Johnsbury, Wanted in Hardwick.

Hardwick, Sept. 15.—George F. Hall and family have departed from Hardwick. They started away from here Monday morning, St. Johnsbury being their destination. Monday afternoon Hall was placed under arrest by Officer V. W. Rand of Hardwick. He was lodged in county jail and hearing set for September 20 on charge of obtaining money under false pretenses.

Hall is said to owe Landlord Daniels of the Hardwick Inn \$363 for his "keep" since February 16 and the keep of his wife and twin children since April 20. When pressed for money by the landlord, Hall gave a draft for \$200 and another for \$75 on the Victoria Acetylene Gas Company which he represented. Neither draft was honored. Hall secured a smaller sum at the bank on a draft which was not honored. The company writes that Hall was not working on a salary but on a commission.

They were unattended. After a short time Mr. and Mrs. Christie will be at home to their friends on Fourth street. The groom is well-known here, while the bride only recently came to Barre from Scotland.

THEIR REPORT COMPLETED.

But Cattle Commission's Finding Will Not Be Known at Present.

Randolph, Sept. 15.—Secretary Spear of the state cattle commission has completed the report of the commission covering the period since it began its duties under the new law. It is found that there is no legal provision for its printing and distribution in advance of the legislative session so that it will be necessary to await the direction of the assembly before it can be made public.

Doughterty, Released by Boston, Swatted Ball Fiercely For the Losing Team.

Boston, Sept. 15.—Boston won the first game with New York today, 8 to 2, and tied the second, 1 to 1. Both games were hard fought and full of excitement. With three New York men on bases in the ninth Tannehill won the first game by striking out Conroy.

In the second game both teams had good chances to win, but both Winter and Powell pulled out of the bad places. Doughterty's hitting and Boston's fielding, especially that of Parent, were the features. Doughterty hit five times safely out of nine times up.

Both games were largely pitchers battles, Boston getting eight hits off Orth and Griffith in the first game and New York nine off Tannehill. In the second game Powell of New York was touched up for eight while New York hit Winter for six. Attendance 16,043.

BASE BALL NOTES.

The Boston Globe yesterday printed a picture of the Burlington base ball team.

The Boston National league team is to give the Barre-Montpelier fielder, O'Hara a try-out. O'Hara went back to the Lawrence, Mass., team when the Northern league closed. His friends here will watch his efforts in the big league.

It is a fact that the maintenance of a base ball team in the city during the past season has been an expensive affair, despite the fact that the attendance was good at every league game. A team for Burlington will undoubtedly be put in the field next year as the association now have their grounds, uniforms and other equipment. Many expenses this year will not come up again, such as fixing up the grounds, buying uniforms, guaranteeing a large sum to another team to come into the league, etc. Exhibition games, which experience shows are expensive, will also be done away with, and it is quite probable that a salary limit will be adhered to another season. Abolishing the salary limit was a source of big expense to every team. Burlington was in favor of retaining it.—Burlington News.

At the Northfield fair yesterday, "Annie Ahearn" owned by James Ahearn of this city, took the first prize in the gentlemen's drivers class, from a field of seven starters. Fred Slayton of this city was the driver. "Annie Ahearn" is four years old and her owner takes a good deal of pride in her.
